Replace 'Cadillacs'

It would be an ironic thing if Arkansas, second from the bottom among states educationally, should come up with the answer to the nation's school-room shortage. But looks as if that is exactly what is going to happen — and all because an Arkansas architect decided that people were buying Cadillac type schools when Ford type buildings suited their purse ind their purpose better.

This Arkansas architect, Ewing Shelton, a burly, cigar chomping Fayetteville dynamo has been so successful in cropping the doo-dads and gingerbread off the Little Red schoolhouse that he has lowered the price of his buildings to as little as \$5.46 a square foot force, - 60 percent less than the national average.

The Case of the Pentagon Windows

By ELTON C. FAY

WASHINGTON (A) - Somebody left some windows unlocked in the Pentagon.

That was 60 days, 8 memoranda and 1,000 words ago.

It seems that on the night of 14 April, at about 2000 hours G-2 agents found a couple of windows unlocked. That means about 8 p. m. on April 14. G-2 is Army intelligence normally concerned with ferreling out information on a foreign power or foiling foreign agents.

The Pentagon has 7.600 windows. The unlocked ones were the suite of offices used by H. Struve Hensel; assistant secretary of defense for international security Affairs. Hensel's international security" is high-level stuff, including such things as the North Atlantic Treaty Organization.

Came the light of 28 April between 2000 and 2130 hours: Three more unlocked windows. These were in the press room. By May 3 (or 3 May) a

memo had been issued to the proper authorities, starting out, "Subject: Security Inspection of Pentagon Perimeter," and discussing the matter of the unfastened windows. Instructions were issued to "notify occupants that it is a violation of building security regulations to unlock or open any win-

Who unlocked 'em? Suspicion pointed first at

the corps of window washers. But on 13 May the foreman of the janitorial staff dashed off a memorandum, "Subject: Unlocked Windows." He said

the window incident of 14 April couldn't have been his men, because they didn't wash those windows until 15 April. Moreover, his washers reported that a clerk in Hensel's office wanted fresh air. The interoffice communica-

tions rolled on and on and on - from the Pentagon building security officer; to and from "Headquarters, Military District of Washington, Office of the Army Headquarters Commandant"; another one from the "Administrative Facilities Panning Branch, Office of the

Secretary of Defense." Finally the file climbed up to a 1,000-word total. The last issue locks up the case -and presumably the windows. This one is a broadside, aimed at "all occupants of the Pentagon" the subject: Open windows; the order: Keep 'em

Future Looks Fairly Rosy for Indians

BY BEN PHLEGAR Associated Press Sports Writer

Rarely has the future looked so cosy for the Cleveland Indians. The crripples are coming back with a bang. The club has a threegame hold on first place. And the next eight garnes, all at home. are against second-division teams. The Indians ran their current winning streak to seven last night with a 5-1 victory over Washington that marked the return to partial

action of Bobby Avila, the league's leading hitter. Al Rosen made his first appearin almost two weeks the night before. He's last year's Most Valuable Player in the American League and is running second to

Avila in hitting. Avila, on the bench with chipped thumb, came in as a runner and stayed around to bat once. He delivered a two-run single. Rosen drove in three runs as a pinch hitter Tuesday night and once in two tries last singled

Even in the eight games that both Rosen and Avila missed, the Indians moved forward at a rapid pace, winning six:

The other two teams in the three-team American League race also won yesterday. Second-place Chicago beat Philadeiphia 11-6 and the New York Yankees edged Baltimore 3-0. Last place Boston broke an gight-game losing streak with a 3-2 victory at Detroit. The New York atop the National League with a 4-0 verdiet over Cincinnait, Brooklyn remained a game behind the Giants by whipping Milwaukee 8-2. Home runs by Lou Limmer and Bill Renna helped the Athletics build a 6-4 lead in Chicago but the Sox wiped it out with a White seven-run seventh as Ferris Fain hit an inside-the-park home run with the bases loaded. The loss was the first for Philadelphia in

six games. Hits were scarce in Baltimore with each side getting only three But the Yankees bunched theirs in the fifth inning for the only runs. Whitey Ford ran his string of scoreless innings to 20 in winning his fifth game.

Three errors contributed to the Tigers' downfall against the Red Sox. Willard Nixon picked up his fifth victory and became the first Boston pitcher to last nine innings since June 7. Jim Hearn of the Giants, who
